KABT Spring Field Trip Meeting  
Ft. Leavenworth, KS

KABT Spring 2004 Field Trip  
Fort Leavenworth Military Reservation

We will spend the day visiting the unique floodplain woodlands, wet bluff woodlands, and upland oak-hickory woods. We will likely have the benefit of some time with KBS and KU herbarium personnel.

The Fort Leavenworth Military Reservation is at the north end of the city of Leavenworth near the intersection of US-73 and K-7/K-92. Gather at 9:00 at the parking area just east of the main FLMR gate on the north side of the highway. Because we will be on the military reservation bring a photo i.d. and be prepared to have your car inspected. Dress in suitable field clothing and bring a lunch, water, pest repellent, and sunscreen. Don't forget your favorite field guides, binoculars, etc. Contact Stan Roth (sdroth@ku.edu) for more information or if you have special concerns or considerations.

Campsites have been reserved (under the name Pat Wakeman) at Weston Bend State Park for Fri. June 4 and Sat. June 5. The park gate closes at 10:00 p.m. so plan on arriving before that. The park is located east of Leavenworth. From Leavenworth take Highway 92 - 5 miles then Highway 45 - 2 miles north. From I-29, take Platte City exit to Highway 92 West - 6 miles then Highway 45 - 2 miles north. To check out the park go to [mostateparks.com](http://mostateparks.com) and click on Weston Bend.

All (members and non-members) are welcome. Bring your friends and plan to have an enjoyable adventure!

Thanks, Paula
