approved for 7 hours of  
CE credit for Kansas State  
Veterinarians

## LOCATION

K- State Alumni Center  
1720 Alumni Center  
Manhattan, KS 66506  
Phone: (800) 600-ALUM (2586)  
or (785) 532-6260

*Breakfast, lunch and  
refreshments will be served.*

*Contact your Merial sales  
representative for more details.*

## TOPICS WILL INCLUDE:

### Global Perspective and One Health Opportunities:

- Rabies and the One Health Initiative
- Alliance for Rabies Control

### National and Regional Perspective:

- Emerging zoonotic agents and evolving technologies
- National and regional rabies occurrence and prevention
- Practices and responsibilities at the state level

### Recent Rabies Cases and Public Health Implications: What Every Veterinarian Needs to Know About Rabies:

- Clinical presentations including differential diagnoses, timeline, and public health response
- Dog, cat, horse and cow cases

### Speakers will include:

- Dr. Jesse Blanton
- Dr. Deborah Briggs
- Dr. Michael Cates
- Dr. Ingrid Garrison
- Dr. Cathleen Hanlon
- Dr. Juergen Richt
- Dr. Robert Weedon

The symposium will bring together noted public health and animal health speakers, veterinarians and veterinary students to discuss this public health issue from a global, national and local perspective. The event will heighten understanding of the impact of human and animal rabies, while encouraging prevention through education and vaccination.
